

## Compliance® Brand Products

## Discover the Difference Compliance® Makes

The Compliance® line of products was designed by the experts – our customers. We asked them to examine the best products in the long-term care industry and tell us how we could improve them. We then went to the manufacturers of those products, shared our customers' insights with them and asked if they could make their already-great products even better for us.

As a result, Compliance isn't your typical "private label." Manufacturers of Compliance products must adhere to the highest standards in the industry. In this way, we ensure that our products are the very best and that no shortcuts in quality are ever taken.

We currently offer close to 100 products under the Compliance brand, including diabetic supplies, gloves, incontinence management products, pumps, skin care products and tapes. The Compliance product lineup is continuously growing and evolving and we welcome your suggestions for new additions.

At the heart of all Compliance products is our commitment that they will help you improve care, save time and reduce costs.

## Get Clean, Get Relief

***When you combine our Compliance<sup>®</sup> family of advanced skin care products, clean, moisturized skin is at your fingertips.***

### **Get Clean with Moisturizing Cleanser & Skin Protectant with Breathable Barrier**

Use our gentle, moisturizing cleanser to freshen skin and help prevent perineal rash. It leaves behind a protective layer to help seal out wetness and has a fresh, clean, gender-neutral scent. Enriched with dimethicone, it is ideal for frequent cleansing and incontinence care.

### **Get Relief with Skin Protectant with Breathable Barrier**

This protectant contains aloe, chamomile and dimethicone to moisturize, freshen and soothe your residents' delicate skin. It can also be used to help prevent and treat perineal rash and leaves behind a protective layer to help seal out wetness.

### Embrace™ Ultimate Briefs with Leakage Barrier

The ultimate protection against leakage

Embrace Ultimate Briefs with Leakage Barrier are the ultimate breathable, cloth-like brief. They offer premium features such as inner leg gathers and an enhanced acquisition zone for dryness, comfort and odor control.

#### Features:

- Compliance® Better-Fit Comfort Tab™ System features extra-wide tabs to securely grip and hold the outer fabric. The flexible tabs can fasten and refasten anywhere on the durable side panels for easy application and a customized fit.
- Compliance® Skin Caring Dry-Dignity Fabric™ is breathable and helps prevent skin irritation by increasing air circulation and reducing heat buildup
- Dry-Dignity™ Acquisition Zone prevents leakage by channeling the void more evenly throughout the pad for higher absorbency while preventing gel block when a rewet occurs

- Inner and outer leg gathers provide added comfort and fecal containment
- Ultimate-absorbency polymers improve skin dryness and control odors
- Soft, quiet cloth-like fabric is similar to traditional underwear, providing comfort and dignity

### Ultimate-Absorbency Briefs

## Skin Caring Underwear

Comfortable and convenient

Our Skin Caring Underwear can easily and conveniently be pulled up and down for a wearing experience similar to traditional underwear.

### Features:

- Exceptional comfort courtesy of the breathable, cloth-like cover
- Improved dryness and odor protection from the absorbent polymer core
- A close, discreet fit is provided by the comfortable waist panel
- User dignity is enhanced by the white color, which is similar to traditional underwear
- Easy removal with tear-away sides
- Back of product is conveniently indicated by colored waistband stitching
- Leakage barriers help prevent leaks
- Discreet outer case

### Embrace™ Adult Reusable Mesh Pants

A dignified solution for incontinence care

Embrace Adult Reusable Mesh Pants feel just like regular underwear, providing a dignified and comfortable solution for incontinence care. They're designed to be paired with a disposable or reusable incontinence pad or liner.

#### Features:

- Soft, breathable polyester/spandex construction allows air to circulate and keep skin cool
- Seamless design eliminates seams pressing into the skin
- Color-coded waistband stripe for easy size identification
- Knit-in waistband for extra stretch and comfort
- High-quality fabric withstands multiple washings
- Strong, stretchable gusset seam holds the pad in place and prevents leakage
- Machine washable

### Mesh Pants

ITEM#	DESCRIPTION
600-LPP2	Pants Mesh Reusable Green Fits 20" - 37" LF SM/MD (2pr/pkg)
600-LPP3	Pants Mesh Reusable Purple Fits 28" - 50" LF L/XL (2pr/pkg)
600-LPP4	Pants Mesh Reusable Red Fits 38" - 62" LF XXL/XXXL (2pr/pkg)

### Ultimate Bladder Control Pads

Perfect for day or night use

Our body-shaped Ultimate Bladder Control Pads were designed for residents with stress and urge incontinence.

#### Features:

- Liquid is quickly wicked and locked away from the skin by the Target Acquisition Zone
- Held securely in place on the user's underwear by a full-length adhesive strip

### Bladder Control Pads

ITEM#	DESCRIPTION
600-LP1330	Pads/Liners Overnite w/Odor Guard Protection White 5" x 16" (36/pk 4pk/cs)

#### Comparable to:

MoliMed® Bladder Control Pads (Medline)

## Liners

Keep skin dry and protected

Our liners help keep skin dry and irritation-free by quickly wicking moisture away from the body.

### Features:

- Moisture and odor are quickly wicked away by the super-absorbent core
- Delicate skin is protected by soft hydrophilic top sheets
- Fluid is dispersed rapidly by absorbent mats
- A comfortable, personalized fit is created by positioning strips and elastic leg gathers
- Waterproof outer barriers
- Discreet outer case

## Pads/Liners

ITEM#	DESCRIPTION

## Specialty Products

ITEM#	DESCRIPTION
600-LP0615MG	Pads/Liners Light ABS White Male Guard Disp LF Prevail (14/pk 9pk/cs)
600-UBLT-D	Undergarments Belted w/4 Belts Breath HVY ABS Wht Compliance (30/pk 4pk/cs)

### Breathable All-in-One Underpads

An all-in-one solution for bed and user protection

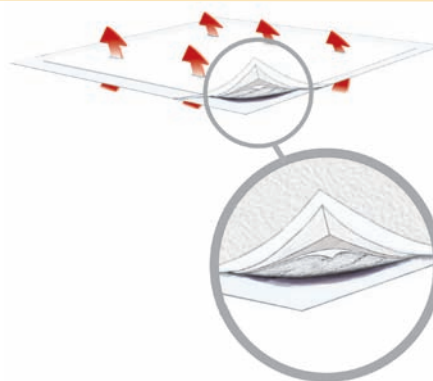

Our Breathable All-in-One Underpads offer the best of both worlds: cloth-like strength combined with the convenience and sensibility of a disposable underpad. The air-permeable layers of the underpad allow air to flow through to the skin while simultaneously preventing moisture from escaping the pad.

#### Features:

- The need for multiple underpads is eliminated because these underpads are absorbent enough to protect both the bed and the resident
- Fluids are absorbed and locked away from the skin by the super-absorbent polymer and airlaid core
- Odors are absorbed for increased dignity

### Underpads

ITEM#	DESCRIPTION
500-U2324	Underpads Chux HVY ABS Blue Disp 23" x 24" Harmonie (25/pk 8pk/cs)
500-U2336SP	Underpads Chux Super ABS Peach Disp 23" x 36" Night Preserver (10/pk 15pk/cs)
500-U3036SP	Underpads Chux Super ABS Peach Disp 30" x 36" Night Preserver (10/pk 10pk/cs)

**Each Breathable All-in-One Underpad is as absorbent as multiple standard underpads, helping your facility save time and reduce costs.**

- Wetness is channeled into the core by the underpads' embossed topsheet
- Healthier skin is promoted by the soft, non-woven facing that extends to the edge of the pad and is gentle against skin
- Heat retention is reduced, helping to keep skin cool, dry and comfortable

### Underpads

ITEM#	DESCRIPTION
600-U3036N	Underpads Chux Super ABS Breath Night 30" x 36" Supersorb (12/pk 5pk/cs)

#### Comparable to:

Ultrasorbs® AP Premium DryPads (Medline)

### Underpads

ITEM#	DESCRIPTION

### Skin Protectant with Breathable Barrier

Soothe and protect delicate skin

Our Skin Protectant with Breathable Barrier contains aloe, chamomile and dimethicone to moisturize, freshen and soothe your residents' delicate skin. It can also be used to help prevent and treat perineal rash and leaves behind a protective layer to help seal out wetness.

#### Features:

- Moisturizes and soothes red, irritated skin with chamomile and aloe
- Forms an invisible protective barrier with zinc oxide and dimethicone
- Saves time and cuts costs by replacing multiple products, including lotions, creams and ointments
- Easy clean-up

### Barrier Cream

ITEM#	DESCRIPTION
600-BC4N1	Barriers Skin Protectant Breathable f/Perineal Relief 4.25oz Compliance (ea)

#### Comparable to:

Calmoseptine® (Calmoseptine, Inc.), Lantiseptic® (Summit Industries), Soothe & Cool® INZO®, Remedy™ Calazime™ Skin Protectant Paste, Remedy™ Skin Protectant or Remedy™ Nutrashield™ (Medline)

### Moisturizing Cleanser & Skin Protectant with Breathable Barrier

Cleanse, moisturize and protect skin

Use our gentle Moisturizing Cleanser & Skin Protectant with Breathable Barrier to freshen skin and help prevent perineal rash. It leaves behind a protective layer to help seal out wetness and has a fresh, clean, gender-neutral scent. Enriched with dimethicone, it is ideal for frequent cleansing and incontinence care.

#### Features:

- Gentle, no-rinse alternative to soap and water
- Cleanses, moisturizes and protects in a single step, eliminating the need for multiple products
- pH balanced for delicate skin
- Creates a protective, breathable barrier against wetness

### Moisturizing Cleanser

ITEM#	DESCRIPTION
600-MC4N1	Cleansers Moisturizing Cream 4N1 Flip Top Tube 8.5 oz Compliance (16/cs)

#### Comparable to:

TENA® Wash Cream (SCA) or Remedy™ Cleansing Body Lotion (Medline)

## Nitrile Gloves

Incredible softness and protection

Compliance has advanced the technology of nitrile exam gloves. The result is a glove that delivers softness previously thought to be impossible.

### Features:

- Latex-like performance from a latex-free glove
- Eliminates reactions to latex proteins and other conditions associated with latex glove use
- Exceptional resilience, tactile sensitivity and fit
- Peace of mind courtesy of outstanding barrier protection
- Comfortable gloves are strong, flexible and durable

**Medicare Part B allows for one G-tube every 90 days as long as the proper documentation requirements are met.  
(Note: You must have a doctor's order to change a G-tube.)**

## Enteral Pump Program

Easy-to-use program for all enteral feeding formulas

The accurate and reliable Compliance Enteral Pump is designed to give the user easy access to its many useful features. It's easy to program, and many of its functions can be activated with a single touch.

### Features:

- Handy programming directions are located directly on the pump
- Resident mobility is easy, thanks to a built-in pole clamp
- Convenient one-hand loading
- Large, easy-to-read display windows
- Dose Check records the accumulated amount of formula delivered over several feedings
- One four-second touch of the Clear button clears all displays (except the total accumulated dose)
- Easy-to-differentiate audible and visible alarms
- Easy-to-clean smooth plastic case
- Memory is preserved in the event of a power failure and when the unit is turned off
- Dose limit can be set in 1 ml increments up to 2000 ml, then in 5 ml increments up to 9999 ml
- Caps are kept close by a special cap holder that also helps prevent contamination
- Both day and night operation are simple, thanks to the adjustable display brightness

## An Innovation in Incontinence and Skin Care Management

When we set out to create our family of incontinence and skin care products, we went straight to the experts — **our customers**. We asked them to examine the best products in the industry and tell us how we could make them even better.

We then went to the manufacturers of those products and asked them if they could make their already-great products even better for us.

**The result is a family of products that will help you improve care, save time and reduce costs.**

 **INTERNATIONAL direct™**  
www.internationaldirect-usa.com 877.314.2554

**Compliance®**   
Improve Care. Save Time. Reduce Costs.

### The Compliance® Blood Glucose System

Pain-free results from a small sample size

Our Compliance Blood Glucose System was designed with long-term care in mind. It provides virtually pain-free testing with speedy results from a small blood sample size. The accompanying test strips utilize our patented cap-gap technology to wick the blood into the strip without the need for a hanging drop of blood.

#### Features:

- Minimizes pain associated with finger sticks by requiring only a 700 nanoliter blood sample size
- Saves staff time and labor costs by providing accurate results within 7 seconds
- Hassle-free, all-in-one system has internal calibration controls that eliminate coding
- Fast and simple for the staff and comfortable for the resident

## MicroLance PF™ Lancets

Safe and gentle

**MicroLance PF's** unique single-use design is both safe and gentle. Its misuse/premature firing prevention system ensures that MicroLance PF will not activate unless the protective cap is properly removed from the device and positive pressure is applied. A reduced activation force makes these lancets gentle on delicate skin.

### Features:

- **Easy handling** thanks to a simple three-step operation
- **Minimal tissue damage** from linear needle tracking that eliminates needle vibrations
- **Minimized finger-stick pain** courtesy of a thinner needle and 1.5 mm penetration depth

Contact your representative to see for yourself how pain-free our MicroLance PF™ lancets really are!

### Pill Crusher

Strong and reliable

This powerhouse of a pill crusher will turn even the hardest pills into easy-to-consume powder. It can crush multiple pills at once, which saves valuable caregiver time. The pill crusher can easily be operated using only one hand and requires minimal effort to crush pills, helping to prevent caregiver injuries.

Choosing a high-quality pill crusher that enables your residents to continue to receive their medications is just one more way that you can demonstrate your commitment to providing them with exceptional care.

#### Features:

- Disposable pouches are only used once, reducing the risk of cross contamination
- A handy pouch dispenser tray is built into the pill crusher's base
- Ideal for residents who have trouble swallowing whole pills or need to take medications via syringe or G-tube

- Solid, durable crusher has a sturdy base for steady, stable use on the tabletop or medicine cart
- Pulverizes pills to a fine powder that won't irritate the upper gastrointestinal tract or clog the enteral feeding tube
- Pouch breakage is reduced by the interlocking grooves in the crushing area that prevent pill "traveling"
- Large crusher area is easily accessible for cleaning

### Pill Crusher

ITEM#	DESCRIPTION
600-PC1000	Pill Crushers w/50 Pouches Compliance (ea)
600-PB1000	Bags Pill Crusher Pouches Compliance Solutions (50/bg 20bg/bx 8bx/cs)

#### Comparable to:

Silent Knight® Tablet Crusher (Links Medical)

## How to Use the Compliance Pill Crusher

**Step 1:** Place tablets in pouch.

**Step 2:** Lift the handle and insert the pouch between the crushing plates.

**Step 3:** Press the handle down firmly to break the tablets.

**Step 4:** Repeat as needed to pulverize.

### First Crush™ Pill Crusher

Create powder, not problems

With the First Crush pill crusher, all you need to do is pour and push to get powder!

First Crush both crushes and grinds pills, creating a fine powder that reduces the potential for clogging and "spit-outs." It also cuts down on valuable nursing time during med passes by crushing six to eight pills at once and operating with the single push of a button.

#### Features:

- "Standard" and "Extra Grind" crush settings
- CompleteRX cups automatically position pills to ensure optimal results the first time
- Standard one-year warranty
- Auto-off function to conserve battery life
- AC power supply
- Power on indicator
- Low battery indicator

### Skin Caring Antibacterial Lotion Soap

Kills germs, gentle on skin

Our Antibacterial Lotion Soap kills germs and is mild to the skin. This citrus-scented soap produces a rich, clean-rinsing lather while reducing the risk of acquiring infections.

#### Features:

- Ideal for all skin types and pH balanced for daily use
- Excellent germ-killing efficacy for microorganisms, including MRSA and VRE, thanks to the broad-spectrum antimicrobial agent 0.3% chloroxylenol (PCMX)
- Enriched with aloe and vitamin E
- Low potential for irritation and allergy
- Manufactured using USP purified water

### Antibacterial Soaps

ITEM#	DESCRIPTION
600-SCL1	Soap Lotions Hand & Body Mild Antibac pH 7.0-10.0 Compliance (4gl/cs)
600-SCL12	Soap Lotions Hand & Body Mild Antibac 12oz Pump Top Compliance(12/cs)

#### Comparable to:

PROVON® (GOJO) or Clean Shape (Medline)

## Skin Caring Moisturizing Lotion

Designed to comfort dry skin

Our Moisturizing Lotion has a lightly scented, deep-conditioning formula specially designed for dry, irritated skin. It absorbs quickly and helps keep skin from drying and cracking.

### Features:

- pH balanced for daily use
- Enriched with aloe and dimethicone
- Low potential for irritation and allergy
- Suitable for caregivers, residents and staff
- Water-based and non-greasy
- Manufactured using USP purified water

## Lotions

ITEM#	DESCRIPTION

600-SCM8	Lotions Moisturizer Hand&Body Light Scent 8oz pH 4.5-8.5 Compliance (24/cs)
600-SCM9	Bottles Empty 8oz f/Compliance Skin Care Lotions (ea)

### Comparable to:

PROVON® (GOJO), Aloe Vesta® (ConvaTec) or Soothe & Cool® (Medline)

## Skin Caring Hand Sanitizer

Kills 99.9 percent of common illness-causing germs

Our Hand Sanitizer is tough on germs but gentle to your skin. It kills 99.9 percent of the most common illness-causing germs, but it also contains vitamin E and moisturizers to soothe your skin without stickiness or residue.

### Features:

- Works in as little as 15 seconds
- pH balanced
- Enriched with aloe and vitamin E
- Manufactured using USP purified water

## Hand Sanitizers

ITEM#	DESCRIPTION
600-SCS4	Sanitizers Hand Alcohol Aloe VitE 4oz Compliance / Purell (48/cs)
600-SCS17	Sanitizers Hand Alcohol Aloe VitE 17oz Pump Top Compliance / Purell (12/cs)

### Comparable to:

Purell® (GOJO) or Epi-Clenz® (Medline)

## Cloth Surgical Tape

For discreet, flexible securing

Our Cloth Surgical Tape is made from a high-quality cloth material that is ideal for discreet, flexible securing of small tubes, catheters and other small devices.

### Features:

- Seals and prevents contamination
- Ideal for fixing small to medium dressings and securing IV lines thanks to bidirectional tearing and easy-to-mark material
- Hypoallergenic for sensitive skin
- Latex free

## Cloth Surgical Tapes

ITEM#	DESCRIPTION
600-CT01	Tapes Cloth Surgical LF 1" x 10yd Compliance (12rl/bx 12bx/cs)
600-CT02	Tapes Cloth Surgical LF 2" x 10yd Compliance (6rl/bx 12bx/cs)

### Comparable to:

Durapore™ (3M) or Curad® (Medline)

## Paper Surgical Tape

Strong yet tearable

Our Paper Surgical Tape is soft and non-woven yet strong and tearable for securing dressings.

### Features:

- Hypoallergenic and safe for use on sensitive and delicate skin
- Dressings stay in place thanks to an extra-strong adhesive
- Latex free

## Paper Surgical Tapes

ITEM#	DESCRIPTION
600-PT01	Tapes Paper Surgical LF 1" x 10yd Compliance (12rl/bx 12bx/cs)
600-PT02	Tapes Paper Surgical LF 2" x 10yd Compliance (6rl/bx 12bx/cs)

### Comparable to:

Medipore™ (3M) or Curad® (Medline)

## Transparent Surgical Tape

Allows wounds to breathe and heal efficiently

Our Transparent Surgical Tape is made from a clear, micro-perforated and waterproof material that allows wounds to breathe and heal efficiently.

### Features:

- Seals and prevents contamination
- Hypoallergenic adhesive for sensitive skin
- Bidirectional tearing
- Easy-to-mark material
- Ideal for fixing small-to-medium dressings and securing IV lines
- Latex free

## Transparent Surgical Tapes

ITEM#	DESCRIPTION
600-TT01	Tapes Plastic Transparent LF 1" x 10yd Compliance (12rl/bx 12bx/cs)
600-TT02	Tapes Plastic Transparent LF 2" x 10yd Compliance (6rl/bx 12bx/cs)

### Comparable to:

Transpore™ (3M) or Curad® (Medline)

## Retention Tape

Gentle on skin - and your budget

Our Retention Tape is a secure, complete-cover, non-sterile and non-woven polyester tape that is breathable and especially gentle to the skin. It is soft, supple and easy to apply, even to the most difficult-to-tape areas.

### Features:

- Soft, secure, flexible and latex free
- Provides quick, secure and complete cover
- Ideal for residents with hypersensitive skin and a tendency toward skin allergies
- Won't restrict movement
- Permeable to air and water vapor
- Can be used to secure primary wound dressings, catheters and drainage lines

## Retention Tapes

ITEM#	DESCRIPTION
600-TF02	Tapes Wound Retention Perforated LF 2" X 11yd Compliance (1rl/bx)
600-TF04	Tapes Wound Retention Perforated LF 4" X 11yd Compliance (1rl/bx)
600-TF06	Tapes Wound Retention Perforated LF 6" X 11yd Compliance (1rl/bx)

### Comparable to:

Medfix™ (Medline) or Hypafix® (Smith and Nephew)

## Waterproof Retention Tape

Gentle and waterproof

Our Waterproof Retention Tape is a secure, complete-cover, non-sterile and non-woven polyester tape that is breathable and especially gentle to the skin. It is soft, supple and easy to apply, even to the most difficult-to-tape areas.

### Features:

- Flexible and won't restrict movement
- Ideal for dressing retention and securing primary wound dressings, catheters and drainage lines
- Perfect for residents with hypersensitive skin and a tendency toward skin allergies
- Waterproof

## Waterproof Retention Tapes

ITEM#	DESCRIPTION
600-TF02-WP	Tapes Wound WtrPrf Retention Perforated LF 2" X 11yd Compliance (1rl/bx)
600-TF04-WP	Tapes Wound WtrPrf Retention Perforated LF 4" X 11yd Compliance (1rl/bx)

## Waterproof Composite Dressings

For all stages of wound care

Our Waterproof Composite Dressings have four distinct layers designed to cover all stages of wound care. The vapor-permeable film coating on the dressings allows for showering and protects the wound from water and contamination. It also protects clothing and bed linens from blood or exudate strikethrough.

### Features:

- Layer 1, a non-adherent contact layer, protects the wound site and will not stick to granulating tissue
- Layer 2, a soft pad, absorbs drainage
- Layer 3, a non-woven backing with an adhesive border, securely holds the contact pad in place
- Layer 4, a semi-occlusive, polyurethane film, helps deter external contaminants and maintain an optimal wound environment

## Waterproof Composite Dressings

ITEM#	DESCRIPTION
600-6203	Dressings Non-Adh Border WtrPrf ST LF 4x4" (2x2pad) Compliance (10/bx)
600-6204	Dressings Non-Adh Border WtrPrf ST LF 6x6" (2x2pad) Compliance (10/bx)

### Bordered Island Gauze

A heavy-duty absorbent island dressing

Our Bordered Island Gauze is an absorbent island dressing constructed with a heavy-duty absorbent pad and conformable, non-woven fabric adhesive backing. The porous structure of the Sontara® non-woven fabric ensures air and water vapor permeability.

#### Features:

- Stretchable fabric conforms well to body contours and allows for movement
- Adhesive is gentle to skin while still providing secure fixation
- Wound pad can absorb moderate amounts of fluid
- Low-adherent surface reduces risk of adherence to the wound

### Bordered Island Gauze

ITEM#	DESCRIPTION
600-6254-4	Dressings Gauze Border LF 4"x4" Compliance (25/pk 8pk/cs)
600-6254-6	Dressings Gauze Border LF 6"x6" Compliance (25/pk 8pk/cs)

### Transparent Film Dressings

Eliminate dressing roll-up while protecting tissue

Our Transparent Film Dressings offer the best in wound site protection against incontinence and other contaminants. The thicker film structure of the dressing helps eliminate dressing roll-up while the less aggressive adhesive preserves the surrounding healthy tissue between dressing changes.

#### Features:

- Provides a barrier to external fluids and contaminants
- Permeable to gas and vapor
- Non-irritating; hypoallergenic
- Good skin adhesion with easy removal
- Butterfly liner offers easy placement of dressing for nursing staff

### Transparent Film Dressings

ITEM#	DESCRIPTION
600-6257	Dressings Film Transparent ST 2 3/8" x 2 3/4" Compliance (100/bx 4bx/cs)
600-6258	Dressings Film Transparent ST 2 3/8" x 2 3/4" Compliance (100/bx 4bx/cs)
